A Bath For Emotional Balance

1/2 c Dried orange peel *OR* 1/2 Whole fresh orange; sliced

3 tb Dried jasmine flowers

2 tb Dried sandalwood chips

When everything seems just a bit too overwhelming, a bath can be extremely good medicine. This season, you might appreciate herbal remedies for feelings like nervousness, tension, anxiety or emotional fatigue. Try whole herbs like chamomile, jasmine, juniper, lavender, orange, rose, rosemary or sandalwood.

For a bath that'll restore your sense of balance, make an infusion of the listed herbs; sit back and enjoy.

A Bath To Help Varicose Veins

2 tb Dried ginger powder *OR* 4 tb Fresh gingerroot; chopped

4 tb Dried juniper

2 tb Dried rosemary

4 tb Dried lemon peel *OR* 1 Whole lemon; quartered

Although most often associated with women, bulging, enlarged veins can be a problem for both sexes. The condition is largely hereditary, but a case of varicose veins can be made worse by bad habits; standing for long periods of time, wearing tight clothing, and sitting with the legs crossed. Hormonal fluctuations also can contribute to varicosity.

Herbal baths can help, although you should be careful not to take baths that are too hot (extreme temperatures can exacerbate the problem). Whole herbs that you can use in a bath to help boost circulation in the legs include geranium, ginger, juniper, lemon, peppermint and rosemary.

A Sleep Inducing Bath

4 tb Dried chamomile
3 tb Dried lemon balm
2 tb Dried passionflower
1 tb Dried valerian

If you're feeling agitated at bedtime, the right herbal combination can help you drift right off into the REM stage. Herbs that you might use in a bedtime bath include chamomile, hops, lavender, lemon balm, marjoram, passionflower, sandalwood and valerian.

Bath Bag

1 7 inch square piece of muslin or other light fabric
12 Inch length of ribbon
1 c Potpourri

Make a potpourri of equal amounts of comfrey and chamomile.

Place the potpourri in the center of the fabric square. Gather all edges of fabric over the potpourri and tie with ribbon or string.

Bath Salts

1/2 c Epsom salt
1/2 c Baking soda
1/2 c Borax
2 dr Food coloring
40 dr Scented oil

Mix together and put in a pretty bottle.

Bath Salts

2 c Epsom salts
1 c Sea salt or kosher salt
6 dr Essential oil
1/2 ts Glycerine
Food coloring

Mix well in ziplock bag. Store airtight.

Note: Add 2 T. rice flour to keep free flowing.

Cut-off Flower Water

7 dl Water
1 ts Vinegar
1 ea Aspirin or equivalent (containing acetylsalicylic acid)
1 ts Sugar

Crush the aspirin and blend everything together and use.

The sugar is nurishment for the flowers, while the acid kills the micro organisms that blok the stems from sucking up water.

For roses you can also use a lemon soft drink (For example:Schweppes).

Makes the bouquets last longer.

Herb Bath Bags

Cheesecloth or muslin
Needle or sewing machine
Thread
1 Ribbons, lace -- trim etc

Make bags out of muslin or cheesecloth. Decorate with trims and notions. Add ribbons so that the bags can hang from the faucet into the bath water. Fill bags with herbal bath mixtures. If you are really handy with machine or needle, bags can be made into shapes.

Add to running bath water.

Basic Bubble Bath Recipe

Use only 100% pure soap flakes.

Almond Oil--2 cups
Distilled Water--2 cups
Soap Flakes (or grated soap)--1 cup
Witch Hazel--2 Tbsp

Boil the spring water and melt the soap in it. In another container, mix the witch hazel and almond oil together and shake well. (If possible, do this in a blender.) Then slowly add the soap mixture to the witch hazel and oil blend and again, shake or blend well. These amounts will make a large quantity of basic bubble bath mixture to which you can add the essential oils of your choice as and when required. For each 2 tablespoons of base bubble bath, use 15 drops of essential oil and mix well. Use 1-2 teaspoons of the final product in each bath.

Easy Bubble Bath

Soap Flakes or Grated Soap--2 cups
Water--1 gallon
Glycerin--1/4 to 1/2 cup
Shampoo or Liquid Dish Soap--2 cups
Essential Oil of Choice

Mix the soap flakes, water and 2 tbsp glycerin in a pot over low heat, stirring occasionally until the soap has dissolved. (Store this liquid soap in a covered container, used as an all-purpose soap or hand soap.) In a bowl, add 2 cups of this mixture to the rest of the glycerin, shampoo and essential oil. Pour into a one quart container. Store covered at room temperature. When you're ready to bathe, add about one cup to your tub as it's filling.

Remember! Use no more than 30 drops of essential oils to 1 oz of carrier (bubble bath)! (15 drops being very safe.)

Lavender Getaway Bath

For a soothing winter bath, put 2 tablespoons of lavender buds (*Lavandula angustifolia*) and 2 tablespoons of finely ground oatmeal into a small muslin bag or a piece of cloth. Secure tightly with a string or rubber band. Tie the bundle with the string or a piece of ribbon so that it hangs under the faucet of your bathtub. Once the bath is full, try rubbing the bundle gently over your skin. Both the lavender and the oatmeal will work to soothe dry skin

and calm frazzled nerves as well.

Meadow Milk Bath

Powdered Milk, finely sifted--4 oz
Citric Acid--2 oz
Corn starch--2 oz
Vitamin E Oil--One 400 IU Capsule (or Grapefruit Seed Oil--30 drops)
Jasmine--60 drops

### **Beer Soap**

#### Ingredients:

4 oz. coconut oil

4 oz. palm oil

8 oz. soy oil

2.27 oz. lye

6 oz VERY FLAT beer (your choice of beer)

#### Instructions:

Follow basic cold-process soapmaking instructions. The beer is used in place of the water. It is very important that the beer is flat, otherwise you risk blowing up your house. You can also use any existing recipe that you have to create beer soap by simply replacing flat beer for the water.

### **Cherry Cheesecake Soap**

(Makes Two 4-1/2 inch cakes - 4 slices each)

1-1/2 lbs. White M & P Base

1/2 lb Clear M & P Base

2-1/2 tsp. Oatmeal, Milk & Honey Fragrance  
 1 tsp. Blending Vanilla  
 1 Tbs. Cherry (not Maraschino) Fragrance  
 Dash of Lemon Fragrance  
 Red Colorant  
 Green Colorant  
 Yellow Colorant  
 1-2 Tbs. Finely Ground Oatmeal  
 Life of the Party Mold - AO52  
 4-1/2 inch springform pans

Melt 1/2 lbs white base. Add sufficient coloring to make as dark red as possible, add 2 tsp of Cherry fragrance. Pour at least 30 "cherries" in the mold (it looks like it makes two halves of a 1 inch christmas ball). Allow to cool, unmold and set aside.

Melt 4 oz of clear base. Add 2 drops of green and 2 drops of red colorant. Will turn brown. Add 3/4 tsp of Oatmeal, Milk & Honey Fragrance. Mix in oatmeal. Pour evenly into two of the springform pans.

Melt 1 lb of white base. Add a few drops (only) of yellow colorant. Add 1-3/4 tsp of OM&H Fragrance, 1 tsp of blending vanilla (will add amber glow) and a small dash of lemon fragrance.  
 Mist brown base with alcohol and pour creamy base evenly into pans - be sure to leave about 1/4 to 1/2 inch head room. Allow to cool about 20 minutes until surface is fairly solid.

Spray top of "cake" and bottom of "cherries with alcohol.

Arrange about 15 cherries on each cheesecake. Melt 4 oz of clear base. Add red colorant to make deep red, add 1 tsp of Cherry Fragrance. Spoon over cherries, covering them and allowing excess to flow around them.

Allow cakes to cool about 30 minutes. Pop springform pan and enjoy.

### **Elbow Softener**

Use this recipe twice daily and your skin will be soft within one week. After that, use weekly.

4 tbsp. olive oil; juice of 1 lemon; 1 tbsp. honey

Pour ingredients in sterilized jar, cover and shake well. Shake well before each use. Massage a little into each elbow for a few minutes. Rinse off, pat dry and moisturize.

### **Lemon Cheesecake Soap**

Making soap that looks good enough to eat is simple! I accidentally discovered this "cheesecake" recipe when I was making lemon exfoliating soap with cornmeal. I had made it in a square mold and decided to try something new -- cutting it diagonally. Even though my nose told me it was just lemon soap, my mind was envisioning cheesecake! Now you can indulge in cheesecake and not gain an ounce! This soap will make a wonderful gift for any occasion. And it's all done using melt and pour glycerin soap. You'll need the opaque type, which is colored white by the mineral titanium dioxide, and the translucent [clear] kind. The reason for this is that to get a proper cheesecake effect with the 'graham cracker crust', you must be able to seal the corn meal so that it isn't loose. The amount used for this particular recipe calls for a 1 cup mold. Naturally, you can increase the measurements as needed. In fact, if you choose to make slabs of cheesecake, you can either find a round plastic mold, or a triangular mold. Triangular molds will be in at least three parts and are used by ordinary people for storing meals. Soapmakers see them a bit differently!

Equipment:

Opaque and Translucent glycerin melt & pour soap, Double boiler, Kitchen scale, Wooden spoon, Cutting board, Plastic soap mold[s], Wax paper, Cling wrap

Ingredients:

6 ounces opaque soap, 2 ounces translucent soap, 1 tablespoon yellow cornmeal, sliver of yellow soap colorant, 10 drops lemon essential oil

Instructions:

1. Slice up the translucent soap and put in double boiler. Make sure the soap is completely melted before adding the scent. Don't put in the cornmeal at this point. Also, it's not necessary to add any colorant-the clearer the better! Lemon essential oil will add a yellow tinge, and translucent soap already has a yellowish color anyway.
2. Pour the glycerin base into the mold. Add the cornmeal. You will have to mix it. Due to the small amount of translucent soap you're crafting, it will dry quickly, so you'll have to stir rapidly. The texture will be similar to that of Farina or Cream of Wheat. You will probably end up using your fingers or the back of the spoon.
3. An advantage to this soap is that you don't have to clean the pot after the first batch if you're not planning to change the color or scent! Add the opaque soap and the colorant.
4. Pour into mold[s].
5. Put in freezer for approximately one hour.
6. Remove soap from mold[s].
7. Cover for at least 4 hours or until the soap has reached room temperature.
8. Wrap the soap in cling wrap.

Other Fragrance/Color Ideas:

Not everyone likes lemon cheesecake. Or you may want to try another color/scent. So for a variety, there's always: plain, strawberry, chocolate, blueberry, lime, or orange. You may want to coordinate your colors for holidays, such as lime for St. Patrick's Day, blueberry for the 4th of July, etc.

LIQUID HANDSOAP

**Liquid Hand Soap #1**

1 bar Ivory soap, grated

1 cup washing soda (NOT baking soda)

1 saucepan

1 bucket

Put soap gratings in pan, and cover with water. Heat on medium heat until the soap has dissolved. Stir constantly and do not let boil. Add soapy water to 3 gallons of hot water in the bucket. Stir, then slowly

add washing soda. Keep stirring until all is dissolved. Put into pump when cool. Shake before using.

### **Liquid Hand Soap #2**

1 bar hand soap (any type), grated

1 cup boiling water

1 T. honey

1 tsp. glycerin (available at drug stores)

Put grated soap and boiling water into a blender and whip. Add honey and glycerin and stir in blender. Let it cool for 15 minutes and whip again. Add cold water until the mixture reaches the six-cup mark. Whip again. Pour into a storage container, and let cool for one hour with lid off. Shake before using.

### **Oatmeal Soap**

-----  
10 oz. palm oil

4 oz. coconut oil

2 oz. olive oil

1/4 c. oatmeal, run through

the blender or coffee grinder

2 oz. lye

1 c. water

Scent (optional)

Mix lye and water and set aside to cool. Melt palm oil and coconut oil together and set aside to cool. Mix the olive oil and oatmeal. When the lye reaches 100 degrees and the fats are 120 degrees, pour the lye into the fats and stir until it traces. Add the oatmeal, and stir until well mixed. Pour the soap into molds. Allow to sit for 24-48 hours. Unmold and cut if needed.

### **Olive Oil Soap**

-----  
16 oz. pure olive oil

2 oz. lye

6 oz. water

Heat oil to 150 degrees and add the lye to the water slowly while stirring with a wooden spoon. Mix lye solution and oils when the oil is at 120-130 degrees and the lye between 90-100 degrees. Mix them together until it comes to a trace. Pour it into a mold and let set 72 hours before unmolding. You can add scents, colors, herbs, etc. at trace.

Milk is excellent for you inside and out. These recipes for herbal milk baths are inexpensive and luxurious at the same time. Take a few minutes out of your busy, hectic day and slip into a warm bath laced with any of the below or use your own imagination and come up with a new twist on the ones I've shared!

Raspberry extract

Strawberry extract

Coconut extract

Vanilla extract

Mix and match or use one alone. I personally like the raspberry and vanilla mix...smells so good!

### **SIMPLE FANCY SOAP**

#### Ingredients:

Petroleum jelly for greasing the soap molds

1 bar of pure white soap (such as Ivory or Pure and Natural; glycerin and Castile soaps work well too) grated - - approximately 1 1/4 cups  
1 tablespoon of water \*

Lightly grease the inside of your soap mold using a small amount of petroleum jelly. Place the soap and water into the top part of a double boiler or in an oven proof dish in a saucepan of water and heat gently over medium heat. Stir occasionally until all the soap is melted and resembles a smooth, fluffy white pudding. This may take up to 30 minutes. The soap will start out looking very dry and grainy, then turn thick and smooth. Do not allow the mixture to boil. When all the soap is melted, carefully spoon it into your prepared molds. Overfill the molds just a bit; the soap may settle, and you can always trim away any excess after it has cooled. You need to work quickly because the soap cools quickly. Tap the edge of your molds gently to remove any air bubbles. Allow the molds to sit until the soap is completely cool. Tap the soap shapes from the bottom of the molds and place on a wire rack to dry. Let the soap sit for at least 24 hours on the rack. If your shapes seem a bit rough around the edges, you can smooth them out with a sharp knife. For gift-giving, wrap your soaps in pretty boxes, paper, fabric, or netting tied with ribbon. Do not use airtight containers because it's important to let the soap breathe.

VARIATIONS :

SCENTED SOAPS : Add a few drops of your favorite perfumed oil or

essential oil after the soap mixture is melted and before you spoon it

into your molds. You need to use oil based scents because alcohol based

scents may cause your soap to separate.

COLORED : You can purchase dyes for soap making, or use food coloring.

You can also make your own natural dyes using vegetables, herbs, and

spices. Green is made using liquid chlorophyll, but from beetroot powder

mixed with water or by using strong red herbal teas such as those made

with hibiscus flowers. Brown or cream colors can be made from using teas

such as chamomile and orange pekoe. For yellow you can use saffron or

turmeric.

TEXTURE : Add a tablespoon or two of grainy substance such as cornmeal,

ground nuts, or chopped up loofah sponges to your melted soap before

spooning mixture into molds. Make sure you stir the mixture well before

spooning into molds. Adding texture to the soap can also color it a bit.

\* AS A RULE OF THUMB, YOU WANT TO USE 10% OF THE AMOUNT OF WATER TO SOAP. AN EXAMPLE : IF YOUR BAR WEIGHS 20 OUNCES, YOU WANT TO USE 2 OUNCES OF WATER. MOST BARS ARE ABOUT 1/2 OUNCE, SO YOU WILL USE 1 TABLESPOON (1/2 OUNCE) OF WATER.

### Basic Perfume

**Ingredients:**

1 cup water

1 cup fresh chopped flower blossoms

**Directions:**

In a bowl place a cheesecloth where the edges are hanging over the bowl. Fill with 1 cup of flower blossoms of your choice. Pour water over the flowers until they are completely covered. Cover and let sit overnight. The next day using the edges of cheesecloth pull it out of the bowl and gently squeeze the scented water into a small pot. Simmer the water until about 1 teaspoon is left. Cool and place into a small bottle. Making perfume this way has a shelf life of about 1 month.

Some suggestions for flowers: Lavender, Lilac, Orange Blossoms or even Honeysuckle. Anything that is highly fragrant works best.

### **All Natural Yucca Shampoo**

The Yucca plant a member of the Lily family has sword shaped leaves with large panicles of white flowers. Known as "Adam's Needle or " Soapweed" is often grown as decorative border plants. Many Natives have used the Yucca plant to make baskets, rope and sandals as well soap and shampoo.

Radiant shiny hair is easy to have when you follow the Navajos way. Its been said some natives have used Yucca Shampoo to prevent hair loss and dandruff.

The Yucca plant contains a substance called saponin which is a natural detergent. It is the saponin found in the Yucca Plant that creates foamy suds when agitated in water. Yucca are commonly found in the U.S. Southwest or Mexico.

To make your own version of Yucca Shampoo:

Look for fresh young Yucca plants. Cut off a piece of the root and peel the brown off of the root until you have exposed the white root inside. Once clean take a hammer, smash the Yucca root until it breaks in pieces. Wet the Yucca root, while holding the root over a basin of warm water, rub the root like a bar of soap to get mounds of lather from it. Wash your hair with the lather for a few minutes, gently massaging the scalp. Rinse very well in warm water making sure that no Yucca pieces remain in your hair.

**Deep Conditioner**

### **Herbal Shampoo**

Ingredients:

2 cups (473 ml) distilled water  
1 tablespoon (15 ml) calendula (pot marigold)  
2 teaspoons (10 ml) rosemary  
1 tablespoon (15 ml) nettle  
2 teaspoons (10 ml) orange peel  
2 teaspoons (10 ml) comfrey  
2 tablespoons (30 ml) chamomile  
1/2 teaspoon (2.5 ml) essential oil of lavender  
1 teaspoon (5 ml) Jojoba oil (omit if hair is oily)  
1/2 cup (118 ml) all-natural, gentle baby shampoo

Bring water to a boil and remove from heat. Add the herbs, cover, and allow to steep for 30 minutes. Strain mixture into a medium-sized bowl, add the oils and stir vigorously. Add the shampoo and gently stir until thoroughly mixed. Pour into a labeled bottle and keep refrigerated to preserve the freshness. You may keep a small bottle in the shower with enough shampoo for about one week, if you wish. Use approximately 1 tablespoon per application. This shampoo will not produce mountains of billowy suds as it does not contain strong foaming agents. It cleans gently with minimal sudsing. Before use, lightly shake shampoo to mix the oil that may separate from the rest of the ingredients.

### **Lemon-Aid for Goldy Locks**

Ingredients:

1 cup fresh squeezed lemon juice  
1 pot chamomile tea

Shampoo and condition hair, towel dry, then apply mix of lemon juice and chamomile tea. Sit out in the sun for an hour to dry-or stay indoors and blow dry your hair for a subtler sun-kissed effect. Shampoo and condition hair again to rinse out juice residue and take care of tangles caused by the acidity of the lemons. Repeat once a week for a month to noticeably pump up the highlights. Gently brings out natural highlights and adds tons of texture to blonde and brunette tresses.

### **Hair Highlights**

Ingredients:  
lemon juice

Apply streaks of lemon juice and go out into the sun for at least one hour. For highlights to stay in use any combinations of avocado, banana, egg yolk, whole egg, olive oil, or honey and leave in hair overnight.

2 cups apple cider vinegar  
about 1/4 c powdered dried lavender flowers  
about 1/8 c dried, powdered rosemary  
about 1/4 c dried, powdered patchouli leaves  
1 c water

Put first four ingredients into a small pot and bring to a simmer. Bring heat down to almost nothing for about 15 minutes turn off heat and let cool down. After mixture is cool pour into your container I used an old shampoo bottle and add the water.

### **Hair Spray**

Ingredients:  
  
2 lemons  
2 cups water  
1 tablespoon. vodka

Chop 2 lemons, add 2 cups water, simmer in a pan over low heat until lemons are quite soft. Cool, then strain through cheesecloth. Pour into a spray bottle, add 1 Tablespoon vodka, shake. Dilute with water if too sticky.

### **Hair Gel**

Ingredients:  
  
1 teaspoon. unflavored gelatin  
1 c. boiling water

Heat water to almost boiling. Sprinkle gelatin over the hot water and stir well until gelatin is completely dissolved. Allow mixture to cool. When firm to the touch, use a small amount to set and style your hair. This gel can be used on either wet or dry hair. (Note: at room temperature, the gel will thin a little. It is just as effective in this state, but if you prefer a thicker hair gel, store in the fridge.)

### **Hair Gel 2**

~~~~~

Ingredients:

1 tablespoon. flax seeds
1/3 c. water
Few drops Essential Oil of choice, for scented gel

Heat the flax seed in the water, bringing it to a boil, then turn off the heat. When lukewarm, spoon up the gelatinous goo and press through a sieve into a clean squeeze bottle. Add vodka and Essential Oil, and shake well before using.

Spray In Conditioner
~~~~~**Ingredients:**

1 part conditioner  
5 parts water

All you have to do is mix 1 part of your favorite conditioner with 5 parts water. Pour it in an empty hair spray container and spritz it on instead. Tangles are gone and so is the frizz!

**Conditioner****Ingredients:**

15 drops Geranium Essential Oil (Bourbon or Egyptian)  
10 drops Rosewood Essential Oil  
1 Tablespoon Jojoba Natural Oil  
2 oz. Basic Hair Conditioner

or

25 drops Lemon Essential Oil  
8 drops Chamomile(German) Essential Oil  
1 Tablespoon Jojoba Natural Oil  
2 oz. Basic Hair Conditioner

To make either Formula simply drop the essential oils indicated in Ingredients directly into 2 oz. of any basic hair conditioner. Then add 1 measuring tablespoon of Jojoba Natural Oil and shake until well mixed.

Herbal Astringent For Oily Skin

1 oz Chamomile
3 tb Witch hazel
1/2 ts Cider vinegar
1 oz Peppermint extract
8 oz Water
Few drops of peppermint extract
1/4 ts Boric acid -- optional

Boil chamomile, witch hazel, vinegar, peppermint and water. Cool and strain. Add remaining ingredients in a spray bottle and shake. Keep refrigerated.

Herbal Cleanser

2 ts Anhydrous lanolin
1/4 c Almond oil
1/4 c Elderflower infusion
1/4 c Glycerin
2 ts Witch hazel

Melt lanolin and almond oil in a glass or enamel saucepan over boiling water. Remove from heat and slowly beat in elderflower tea with an electric beater until the mixture is almost cool and very well blended. Transfer to a sterilized jar. This is good for dry skin (for oily skin, substitute an infusion of sage or yarrow, for normal skin, try one with rose water, lady's mantle, or chamomile.)

Almond Lotion

Ingredients:

one-eighth teaspoon borax
one-fourth cup distilled water
one-half cup almond oil
one tablespoon grated beeswax
several drop of essential oil or fragrance (optional)

Instructions:

Combine the borax and distilled water in a bowl. Set aside.

Heat almond oil and beeswax just until beeswax is almost melted.

Heat water and borax mixture until almost boiling, then slowly pour into the oil and beeswax combination. Stir continuously while doing this.

Allow to cool. Add essential oil or additional fragrance if desired and stir in.

Pour into a container. Keep refrigerated until use since this recipe does not contain preservatives.

Basic Body Balm

Beeswax Pellets--1/4 cup
Carrier Oil--1/4 cup

Pour oil into enamel coated pan, add grated beeswax.

Stir on medium low heat until melted.

Remove from heat and allow to cool slightly.

If consistency is too thin, add more beeswax; if too thick, add more oil. When you have your desired consistency. Stir with a wooden or plastic spoon. (You won't be using it for cooking again).

Pour into containers.

Add your essential oils, and stir well again.

To use the balms, rub on bottoms of feet, back of neck, inside wrists and or temples.

Herb Oil Balm

Beeswax Pellets--1/2 oz

Herb Oil--4 oz

To make Herb oil, pour 5 oz of Almond Sweet, Calendula, Hazelnut, Jojoba, and/or Olive into crock pot and turn on LOW heat. Warm oil and add crushed herbs of your choice. Keep oil on LOW heat.

Let set for 8 to 12 hours, until herbs color and scent the oil.

Strain herbs through a cloth.

Pour 4oz herb oil into enamel coated pan, add grated beeswax.

Stir on medium low heat until melted.

Remove from heat and allow to cool slightly.

If consistency is too thin, add more beeswax; if too thick, add more oil. When you have your desired consistency. Stir with a wooden or plastic spoon. (You won't be using it for cooking again).

Pour into containers. Add your essential oils. Stir well again.

Dry Hand Lotion

Unscented Lotion--8 oz

Patchouli--20 drops

Sandalwood--40 drops

Borage--20 drops

Carrot Tissue--5 drops

Pour the lotion into a bowl, add oils and mix very well. Put lotion back into bottle.

Light Hand Cream

This is a light cream to use on hands or face.

Emulsifying Wax--1 oz

Cocoa Butter--1/2 oz

Carrier Oil--3 tsp

Glycerin--1 tsp

Rose Water--12 oz (or purified water with a teaspoon of vitamin C powder stirred in for preservative)

Warm rose water and glycerin.

Melt wax and cocoa butter in a double boiler. Take off heat and add water and glycerin.

Beat until thick. If using a beater, you may have to finish up by hand.

Seaweed Lotion

Aloe Vera Gel--1/4 cup

Powdered Kelp--1 tbsp

Purified Water--1 cup

Sweet Almond Oil--2 tbsp

Mix all together well. Use a 12 oz bottle flip top bottle.

Stretch Mark Oil

Rose--4 drops
Rosemary--1 drop
Camellia Oil--1/2 teaspoon
Sesame Oil--1/2 teaspoon
Vitamin E Oil--1/2 teaspoon
Wheat Germ Oil--1/2 teaspoon

Massage on stretch mark area.

Unscented Moisture Cream

Carnauba Wax--2 tbsp
White Beeswax--1 tbsp
Apricot Kernel Oil--1/2 cup
Jar--6 oz

Over low heat, melt the waxes and oil in a double boiler. Stir. Remove from heat and pour into jar.

If you want to make this a scented cream, simply add two drops of your favorite essential oil to the mixture as it cools, before you pour it into the jar. Beware of using essential oils with photo toxic properties.

Rose and Sandalwood Massage Oil

Rose--25 drops (1/4 tsp)
Sandalwood--25 drops (1/4 tsp)
Macadamia Oil--1/4 Cup
Sweet Almond Oil-- 1/4 Cup

Put all in a bottle and shake gently. Can also be put in a plastic spray bottle.

Anti-Wrinkle Oil

Rose--2 drops
Rosemary--1 drop
Rosewood--2 drop
Sandalwood--3 drops

Blend in 1 oz of Rose Hip Oil and apply as needed. Works well in a roller top applicator.

Facial Toner Oily Skin

Vodka--1oz
Witch Hazel--3 oz
Grapefruit--10 drops
Tea Tree--5 drops
Cypress--5 drops

Add all ingredients to a 4 oz bottle and shake to mix all ingredients. Be careful when adding the essential oils. Shake the toner well before each use.

Creamy Sun-Tan Lotion

3/4 cup (180 ml.) water
3 tea bags (do not use instant tea)

1/4 cup (60 ml.) lanolin
 1/4 cup (60 ml.) sesame oil
 1/2 teaspoon (2.5 ml.) perfume (optional)

Heat the water to boiling, add tea bags. Leave them to brew for 20 minutes and squeeze them occasionally before removing. Put lanolin, sesame oil and 1/4 cup strong tea into blender. Cover and process at low speed. Remove cap immediately and pour in the remaining tea in a steady stream. Use a rubber spatula to keep ingredients around the processing blades. Add perfume and give fragrance to the sun-tan lotion.

This recipe makes about 1 cup of a soft, tan-colored cream which spreads smoothly on the skin, and gives a sensation of moistness. It dries without feeling sticky. This cream actually repels water and will stay on though swimming. Creamy Sun-Tan Lotion will screen out about half of the burning sun rays while allowing a large percentage of the tanning rays to get through. However, if you burn after 5 minutes of exposure, do not rely on this cream to protect you.

Cucumber Lotion

Peel 1 or 2 large Cucumbers, cut them into slices, and place them in a double boiler, which should be closely covered. Cook them slowly until they are soft. Then put the pieces into a fine linen bag and squeeze them until all the juice has been extracted. Add to the extracted juice one-fourth of rectified spirits of wine (or whisky) and one-third of Elder-flower water. Shake the mixture well and pour into small bottles ready for use.

Cucumber Sunburn Lotion

Chop up a Cucumber and squeeze out the juice with a lemon-squeezer. Mix this with a quantity of glycerine and rose-water mixed together in equal parts.

Dry Skin Lotion

Re-formulated original recipe by Melody Upham with changes made by Betty Depuydt

1/8 tsp Borax
 1/4 c. Distilled water
 1/2 c. Fractionated Coconut Oil
 1 Tbs grated beeswax
 1 tsp scent (You may want to add this slowly and adjust to suit you)
 1/8 tsp lecithin
 1/2 c. Aloe Vera Gel Combine water and borax. Bring borax and water almost to boiling.
 In a separate pan mix oil and beeswax and heat until wax is melted.
 Slowly add borax/water to oil/beeswax, stirring briskly, a small wire whisk works perfectly or you can use a handblender. Add essential oils during the whisking process. Let cool to room temp.
 Once lotion is at room temp add the 1/2 cup Aloe Vera gel and whisk to incorporate fully into the lotion. Bottle.

Energizing Foot Lotion

 If you have been on your feet all day and they are aching then make some of this lotion and rub it on. They will feel better in no time.

1 tablespoon almond oil

1 tablespoon olive oil

1 teaspoon wheat germ oil

12 drops eucalyptus essential oil

Combine ingredients in a bottle, shake extremely well. To use just rub into the feet and heels.

Store in a cool dry place.

Herbal Milk Toner

Milk toners are very soothing and nourishing for dry, sunburned or sensitive skin. Use whole milk for dry or normal skin and skim milk for oily skin. Most herbs can be found at health food stores.

Dry Skin Herbs: Elderflower, linden flowers, marigold

Normal Skin Herbs: Chamomile, fennel, lemon balm, parsley, rosemary

Oily Skin Herbs: Chamomile, fennel, lemon balm, parsley, rosemary, peppermint, sage

2 tbsp. dried or 1 tbsp. fresh chopped herb, 2/3 cup milk.

1. Place the herb in a bowl or pitcher.
2. Boil milk and pour over herb. Cover and leave until cold.
3. Strain through muslin or cheesecloth.
4. Store in a sterilized bottle or jar in the refrigerator. Use within 5 days.

Herbal Toner

This toner is very refreshing for all skin types and very easy to make.

1 teaspoon dried or 2 tablespoons fresh chopped herb of your choice; 1/3 cup boiling water; 2 tablespoons witch hazel; pinch of boric acid (found at most pharmacies).

1. Place the herb in a bowl and pour on boiling water. Cover and leave to cool. Strain.
2. Mix the boric acid into the witch hazel.
3. Add the witch hazel to the herbal infusion.
4. Store in a sterilized bottle or jar in the refrigerator and use within one month. Shake well before using.

Lavender & Calendula Lotion

Ingredients:

4 tablespoons almond oil
1 tablespoon calendula petals
1 tablespoon apricot kernel oil
1 teaspoon beeswax
1 tablespoon coconut oil
1 tablespoon jojoba oil
one-half tablespoon aloe vera jelly
one-half cup distilled water
one-eighth teaspoon borax
one-half teaspoon lavender essential oil

Instructions:

Heat the almond oil, apricot kernel oil, coconut oil, jojoba oil, aloe vera jelly, and beeswax until the beeswax is

melted. Set aside and allow to cool.

Dissolve the borax in the distilled water. Heat it to a slow simmer.

Pour the oil mixture from earlier into a blender. Turn the blender on and slowly add the borax-water solution into the blender.

Add the lavender essential oil and calendula petals. Continue blending until well mixed and the lotion has thickened. Turn the blender off once the mixture has cooled to room temperature and pour into a container.

Refrigerate, allowing the lotion to set before use.

Keep refrigerated until use since this recipe does not contain preservatives.

Basic Lotion Bars

Ingredients:

2 oz beeswax
1 oz almond oil
1 oz cocoa butter
Fragrance oil or essential oil

Instructions:

Melt beeswax and cocoa butter on the stove or microwave in a clean pot. Once melted, remove from heat and add the almond oil. Mix in the fragrance oil or essential oil one drop at a time until it's reached the desired scent.

Pour the mixture into a mold or even a deodorant tube (for easy, non-messy application) and let it set completely before using.

Magic Lotion

In small pan over water melt
3 tabs. safflower oil
1 tabs. lanolin
1 tabs cocoa butter
1/3 cup light mineral oil
1tsp. almond extract or add eos of you like

Let cool

In a pint jar place
2 tabs. water
1 tabs glycerine
1/4 cup plus 2 tabs. 70% ethanol alcohol
1 drop food or other color

When the oils are cool add to the pint jar and shake. Divide into (2) 6 oz jars.

In about half an hour the lotion will separate into 3 different layers. Each one a different color. Shake and it becomes an emulsion, let stand and it separates again. This is really pretty and feels so good.

Mermaid Lotion

1 tablespoon of powdered Irish Moss
1 cup of distilled water

1/4 cup of Aloe Vera Gel
2 tablespoons of grapeseed oil (the recipe calls for sweet almond oil, so use what you like :)
Will make 4 ozs.

Mix together the Irish Moss and water and let sit for 20 min.

Pour the mixture into a small saucepan and boil for 20 min. Strain off the solids; You will have a clear jelly.

Measure 1/4 cup of your seaweed jelly and mix with the aloe vera gel. Let the mixture cool completely.

* Pour the seaweed mixture into the blender and blend on low speed; slowly add the oil in a thin stream until all is blended.

Pour into container.

Mint Body Lotion

1/2 cup mint water (see note below)
1/8 tsp. borax powder
1/2 c. sunflower oil
1 tsp. coconut oil
1 tsp. grated beeswax
3-4 drops peppermint oil (optional)

Mix together the mint water and the borax, stirring until well mixed. Set aside.

Mix together the sunflower oil, coconut oil, and beeswax in a glass measuring cup. Place the cup with the oils--beeswax mixture in a pan of water (about 1 to 2 inches of water), making a water bath. Heat over medium heat until the beeswax is melted (8 to 10 minutes), stirring occasionally.

When the wax is melted, bring the mint solution almost to boiling (put the glass cup with the mint water/borax in the microwave on High for 1 minute, or use a water bath on the stove top).

Remove the oils-beeswax mixture from the water bath. Slowly add mint water/borax to the mixture in the blender and whip).

Allow the lotion to cool completely. The consistency may seem a bit thin, but it will thicken as it cools. The lotion will be pale green in color. You may add the peppermint oil now if you wish.

Pour the lotion into a clean container with a lid. To use, massage a small amount into your skin.

Note: Mint water is made by boiling fresh or dried mint leaves in water and then letting the mixture cool. Strain off the mint leaves. I use 1 cup fresh mint (1/4 cup dried mint leaves) to 1 cup water.

This lotion is very refreshing after a shower.

Rosewater & Glycerin Lotion

2 tablespoons glycerine
2 tablespoons corn flower (cornstarch)
1/2 cup distilled water
2 tablespoons rosewater

Mix together all ingredients in an ovenproof glass bowl or pitcher. Heat until just boiling and thick, 1 to 2 minutes in the microwave on High (stirring every 30 seconds), or on the stove top in a water bath. The lotion will be clear and jellylike; stir thoroughly and cool completely. When the lotion is cool, pour into a clean, airtight container.

Note: If your lotion becomes too thick, you can thin it by adding water, one tablespoon at a time and stirring thoroughly.

Winter Moisturizer

2 T. apricot kernel Oil (I used almond oil)
 1/4 c. walnut oil (I used grapeseed oil)
 1/4 c. stearic acid powder
 1/2 t. baking soda
 1 T. aloe vera gel (I used the clear gel from wally world)
 1 cup water (I used commercial rose water)

Combine the oils and stearic acid powder and heat over low heat until stearic acid powder is melted.

Combine baking soda, aloe vera gel and water in microwave safe container. Microwave until just boiling (1 to 2 min)

Slowly add 1/3 of the water solution to the oil mixture and stir. Then using a blender (either stick or regular) slowly add the rest of the water to the oil mixture and blend on high. The mixture will be a white fluffy cream. Spoon into a clean container and allow to cool completely. Massage a small amount of the cream on your face and neck. Store in a cool dry place. Yield - 12 oz.

Melt soap and add banana, avocado and citric acid and toasted oatmeal.

Continue heating in double boiler, then add peppermint essential oil.

Put in open hexagon tube mold or pvc pipe and let harden. Slice.

You will love the scent of banana and avocado. We could call it a Banavocado Peppermint Smoothie Soap.

Good for washing face in the morning. Smells great!!!

Clay Facial masks for smooth skin

Looking for a way to tone and smooth your skin? Is your complexion very oily? Do you live in a large city? If you answered yes to any of these questions then you're a candidate for clay mask therapy! Clay masks withdraw excess oil and pollutants from our faces. Even if it's very cold where you live and your skin is chapped and dry, a soothing clay mask will be beneficial, especially if you mix the clay with a moisturizing vegetable oil base. Making clay masks is easy. >Finding the clay is another matter Many health food/whole food stores do stock various types of clay. First, you'll need to know about what the different types of clay contain and the sort you need for your skin type.

Kaolin, white: Also known as china clay as it was discovered on Mount Kaolin and later brought to Europe in the 18th century. Most kaolin is mined in North and South Carolina, Georgia, England and Australia. Finely grained kaolin is also used in top quality porcelain, bone china and as a bonding agent in making paper. Premium white china clay is low in contaminants and iron. This clay is able to balance the skin's sebum activity. For those unfamiliar with clay masks, this is the one that's recommended the most. White kaolin is also suitable for children and adults with sensitive skin. **Kaolin, pink:** Pink kaolin combines red and white clay and is versatile enough for those with combination, normal or oily complexions. **French clay, green:** Heavy with volcanic matter, decomposed plant substances and minerals. Very cleansing. Only recommended for oily skins or a normal/oily skin combination. **Moroccan clay, red:** Contains iron and is used by those who have an oily complexion. Men with tough skin might want to give this a try. **Bentonite:** This clay is found primarily in the Western United States. However, there is an Indian bentonite that is darker in color due to its high iron content. Found in the semi-arid Kutch region of India, it is formed mainly of volcanic ash. Bentonite is a main ingredient in cat litter -- a great example of the substance's ability to absorb impurities/waste matter! High-grade bentonite is safe for use on all skin types. **Fuller's earth:** This is a very fine grayish colored powder derived from algae that is chock full of minerals and is super absorbing. Normal and oily skin types benefit from this earthy substance. **Skin Types:** To combine the clay you'll need various types of liquids, depending upon your skin type. Here's a general guide:
Dry/Sensitive - Heavy cream, honey or vegetable oils such as sesame, grapeseed, sweet almond, jojoba or olive
Normal - A light vegetable oil such as grapeseed or sweet almond. Whole milk is recommended, as are flower waters such as rose or orange. Only use one liquid at a time!
Oily - Distilled or spring water, witch hazel, flower waters. Before you make your clay mask, clean your face thoroughly as this will allow the clay to really do its job much more effectively. Some experts recommend steaming/massaging your face before applying the clay mask.
Mixing Ingredients: In a glass bowl, blend 2 Tablespoons of the clay with approximately 3 Tablespoons of the liquid. Pour the liquid in slowly so you don't add too much. The consistency should be thick, not runny. If you add more of the wet ingredient than you want, just increase the amount of clay.
Applying the Mask: You can spread the mask with your fingers, or a cotton swab. Avoid the eye area and use upward strokes. Apply to the neck also. Spend anywhere from 15-30 minutes relaxing, preferably lying down. Don't fall asleep! When the mask is dry, rinse off with lukewarm or cool water. Your skin will glow with vibrant good health.
Adding Essential Oils: A drop or two of a pure essential oil such as ylang ylang, rose, lavender or orange will be helpful for your face and will further calm you.
Gift Ideas: Don't know what to give someone for Christmas or an upcoming birthday/special occasion? Find a pretty colored glass jar with an airtight lid and add the type of clay you think would be good for their skin type. Make sure you label it and add instructions

 1 tsp honey  
 1 tsp almond oil  
 1 tsp vitamin e oil

Place all ingredients together and mix until smooth. Spread over face and leave on for 15 minutes. Rinse off with warm water and pat dry.

### **Gentle Honey Wash (for all skin types)**

1T Oat or rice bran  
1/2 t Natural honey  
2/3 to 1 t Warm water

Mix above in palm of your hand. Massage gently into skin in circular motion.  
Rinse thoroughly. Discard unused portion.

#### **Chocolate Mask:**

This delicious sounding mask is really an excellent moisturizer and leaves your skin baby soft. It is recommended for normal skin.

#### Ingredients:

1/3 cup cocoa  
3 tbsp. heavy cream  
2 tsp. cottage cheese  
1/4 cup honey  
3 tsp. oatmeal powder

#### Directions:

Mix all ingredients together and smooth onto face. Relax for ten 10 minutes, then wash off with warm water.

#### **Citrus Mask:**

This mask is effective for oily skins. Grapefruit unclogs pores and lemon is an excellent astringent and clarifier, while egg whites tighten the skin. Expect a tingle with this mask-that means its working but if your skin is dry it could start to burn. If this occurs, wash it off immediately.

#### Ingredients:

1/2 grapefruit  
1/2 lemon's juice  
1/2 cored apple  
1-2 egg whites  
30-40 seedless grapes

#### Directions:

Mix ingredients together in a blender. Apply on your face and leave for fifteen minutes, then rinse off with warm water.

#### **Cornmeal Facial Scrub Very good for oily skin!**

2 tbsp. cornmeal; 1 tsp. lemon juice; 2 tbsp. plain yogurt or buttermilk

Place cornmeal in bowl. Mix lemon juice and yogurt or buttermilk to make a paste. Let sit for 5 minutes. Gently massage paste into face for 5 minutes. Avoid eye area. Rinse well with warm water. Pat dry. Tone. Moisturize.

#### **Egg & Honey Facial:**

This easy mask is suitable for all skin types. It clarifies and moisturizes the skin, leaving it cleansed and silken. Egg yolks contain anti-oxidants, which are very beneficial to our skin.

#### Ingredients:

1 egg yolk  
1 tsp. honey  
1 tsp. vitamin E oil  
1 tsp. almond oil

#### Directions:

Mix all ingredients together, stirring until smooth. To use, apply to face and rinse with warm water after 15 minutes.

**Egg White Skin Tightener:**

As far as masks go, it can't get simpler than this...it leaves your skin tightened and feeling very refreshed.

**Ingredients:**

1 egg white

**Directions:**

Separate the egg white from the yolk. Put the egg white on your face and relax for about 15 minutes. Wash off with lukewarm water.

**Egg Yolk Clarifying Mask:**

The egg yolk acts as an ant-oxidant and does wonders for your complexion as it pulls impurities out of your skin, leaving it soft and healthy.

**Ingredients:**

Egg yolk

**Directions:**

Separate the yolk from the egg white. Mix the yolk and apply over clean skin. Let it set for about 15 minutes, then rinse with warm water.

**Fruit Masque:**

The luscious combination of cream and juicy fruits works wonders for dehydrated skin. This refreshing (and delicious) mask is ideal after a hot day in the sun.

**Ingredients:**

1 cup of mixed mashed fruit (try melon, peaches, strawberries, and bananas)  
2-3 Tbsp. Double cream  
3 tsp. cottage cheese  
1 tsp. brown sugar  
4 tsp. oatmeal powder

**Directions:**

Blend all the ingredients together and apply on your face. Relax for ten minutes, and rinse off with warm water.

**Grapefruit and Parsley Face Mask**

This leaves your skin feeling new and refreshed. Parsley is good for oily skin.

3 tbsp. fine oatmeal, 2 tbsp. chopped parsley, juice of 1/2 large grapefruit.

1. Place oatmeal and parsley into a bowl.
2. Mix in enough grapefruit juice to make a spreadable paste. Let soften for about 5 minutes.
3. Spread mixture evenly over entire face (avoiding eye area).
4. Lie down and relax for about 15 minutes.
5. Rinse off mixture with warm water. Pat dry, tone and moisturize.

**Herbal Face Scrub**

This recipe is very mild and gentle on your skin and an excellent face scrub to make and use for beginners.

Herbal infusion (use dried chamomile, elderflowers or fennel for normal skin types); 2 tablespoons fine oatmeal

1. Mix 3 tablespoons of the herbal infusion (your choice of herb, hot water, left to "infuse" for approximately 20 to

30 minutes then strain, keeping the infused liquid) with the oatmeal to make a paste. Let stand, allowing the oatmeal to soften, about 5 minutes.

2. Gently massage the mixture into your face for five minutes.

3. Rinse well with tepid water. Pat dry, tone, and moisturize.

#### **Honey Mask:**

This mask effectively moisturizes and tightens the skin, making it smooth and soft.

##### Ingredients:

1½ tbsp. honey  
1 egg white  
2 tsp. glycerin  
1/3 cup flour

##### Directions:

Whisk the honey, egg white and glycerin, and then add the flour. The result should be a thick paste. Apply to face and rinse after 15 minutes.

#### **Oatmeal Mask:**

Combine a few teaspoons of raw oats with either water, milk or plain yoghurt depending on how rich you want your mask. Leave it for a while for the oats to soften and then rub onto your face. Leave on your face for around 20 minutes.

I like to use this mask in the bath because it is a bit flaky and it is less messy that way. I make the mask up and then by the time I have run the bath and got all my bathtime bits and pieces together the mask is ready to use.

The oatmeal mask is fantastic for making your skin feel all creamy and clear.

#### **Rose Petal Facial:**

This fragrant facial cleanses and moisturizes your face, leaving you relaxed and silky smooth.

##### Ingredients:

1 cup clean rose petals  
1½ cups full cream milk  
1/8-cup vegetable glycerin

##### Directions:

Fill a pan with water and place another bowl on top (like a double boiler). Heat until the water begins to simmer in the pan and then pour the milk into the bowl above. Add vegetable glycerin and rose petals. Remove from heat and let the mixture cool. Once the mixture is cool to the touch, pour it into a blender and mix well.

Wash your face with the rose and milk mixture and rinse with warm water. This mixture can be refrigerated for up to four days.

#### **Strawberry Mask:**

Mask together 3-4 strawberries. Combine with yogurt and/or oatmeal for a rich mask. Apply to your face and leave 10-15 minutes.

This mask is excellent for oily skins or to exfoliate. It is great to fresh up your skin when it gets a bit oily and yucky in the hot weather. It is a great way to use up the few over ripe strawberries you always seem to get in the bottom of a punnet.

Just remember that with any natural product, such as these you should do a test for any allergic reactions to the ingredients before you use them. Apply a small amount to your skin in your elbow joint and cover with a plaster for

24 hours.

**Vegetable Mask:**

This mask works well for oily skin, since it absorbs the surplus oils. Tomatoes are excellent anti-oxidants, and the curd prevents excessive drying.

**Ingredients:**

1/2 tomato, mashed (remove seeds and skin)  
2 tsp. curd  
1 tsp. mashed cucumber  
3-4 tsp. oatmeal powder  
3 crushed mint leaves.

**Directions:**

Mix ingredients together and apply on your face. Wait for ten minutes, and then wash off with warm water.

**Basic Lip Balm Recipe****Ingredients:**

4 oz. Almond Oil (may be substituted for another carrier oil, but do not use mineral oil)  
1 oz. beeswax  
1 capsule of Vitamin E  
Flavoring or Essential Oil

**Instructions:**

Combine almond oil and beeswax. Warm slowly until beeswax is melted. Remove from heat.

Pierce Vitamin E capsule and squeeze into the mixture. Add a half teaspoon of flavoring or up to 5 drops of essential oil and mix.

Pour into small jars or lip balm tubes and let harden.

**Honey Lip Balm**

Number Of Applications : 100

Preparation Time : 0:15

2 Tablespoons olive oil  
1/2 teaspoon honey  
3/4 teaspoon beeswax -- grated  
1/2 teaspoon cocoa butter  
flavored oil of your choice -- to taste  
1 vitamin E capsule

-In a small saucepan, melt oil, honey, wax and butter over low heat.

-Remove from heat and allow to cool for 2 to 3 minutes.

-Stir in flavoring and contents of vitamin E capsule.

-Pour into container(s) of your choice.

**Lip Gloss**

~~~~~

Ingredients:

2 tsp. beeswax
7 tsp. castor oil or Jojoba or sweet almond oil
1 tsp. honey
5 drops of an essential oil such as lemon, peppermint,
orange, lime, tangerine

Melt the oil and beeswax together in a little pan over low heat until the beeswax is melted. Take off the stove and then add in your honey and whisk it all together. When the mixture is nearly cool add in your essential oil, mix it up again and then pour into your lip balm container. Since this comes out to be more like a gloss you can always add more beeswax to it so that it is a little harder. Maybe another 1/2 tsp. would do it.

Chocolate Lip Gloss

~~~~~

Ingredients:

3 Tablespoon. Cocoa Butter  
4-5 Chocolate Chips  
1 capsule, Vitamin. E

Melt, and blend ingredients with a spoon until smooth, put into a container and refrigerate until solid.

### **Peppermint Lip Balm**

~~~~~

Ingredients:

2 Tablespoon. petroleum jelly
1 tsp. beeswax
10-14 drops peppermint Essential Oil

In a small pot, melt the petroleum jelly, then add beeswax. When melted, remove from heat and add peppermint Essential Oil. Pour into a lip pot and cool.

Orange-Mango Lip Butter

~~~~~

4 tsp. infused olive oil  
1 tsp. grated beeswax  
2 tsp. mango butter  
15 drops sweet orange EO, to taste  
Vit E capsule (as a preservative)

Melt wax, butter, and oil in a double broiler, allow to cool slightly, then add EO and Vitamin E and pour into clean containers.

### **Cranberry Lip Stain**

~~~~~

Ingredients:

Cranberry Sauce - canned or fresh
Petroleum Jelly/Vaseline

1 tsp. of Cranberry Sauce Juice
 Just take a little juice from the cranberry sauce
 before you serve it.
 1 Tablespoon. of Petroleum Jelly

Mix ingredients together thoroughly with a spoon. Apply to dry lips or use as a lip gloss. Store in a small glass or plastic jar and refrigerate when not using cranberry juice may spoil.

Lip Stick

~~~~~

Ingredients:  
 3 nontoxic Crayola crayons  
 pure beeswax candle (1 inch in diameter)  
 3 tablespoons of mineral oil

Peel the paper off your chosen crayons and put the crayons in a plastic baggie. Smash 'em with a hammer until they break into bits. Combine the bits, a 1 inch slice of candle and the mineral oil in a small, heat resistant cup. Place the cup in a saucepan and fill the pan with enough water to reach about an inch up the side of the cup. Heat on the stove

On low, stirring occasionally, until the cup contents melt together. Cool for 15 minutes

### **Body & Foot Deodorants**

- 1) Add a few cups of tomato juice to the bath water, soak for at least 15 minutes. This is an old, well known remedy for deodorizing pets and people who have been sprayed by a skunk. . . if it works on that odor, any other body odors are a piece of cake.
- 2) Add an infusion of parsley to the bath water as a deodorizer
- 3) Witch hazel is a very effective deodorant. Simply apply to underarms with cotton balls or gauze.
- 4) Use 4 tablespoons of baking soda in the bathwater. After bathing and drying, apply baking soda under the arms
- 5) Apply cornstarch under the arms
- 6) Apply vinegar under the arms
- 7) Use pine soap when bathing
- 8) Wear all cotton clothing that breathes as opposed to synthetic fibers which cause perspiration and retain odors.
- 9) For problem odor, avoid eating the following strong smelling and choline rich foods which cause body odor when sweated out:
  - Garlic
  - Onions
  - Curry
  - Cumin
  - Peppers
  - Eggs
  - Liver
  - Fish
  - Legumes
- 10) Eat fresh parsley daily

### **Cream Deodorant**

- 1/2 ounce cocoa butter
- 1/2 ounce beeswax
- 1 Tbsp glycerine
- 1 Tbsp rosewater

Melt cocoa butter and beeswax slowly in the top of a double boiler. Remove from heat, add glycerine and rosewater. Add several drops of one or more of the following deodorizing essential oils: calendula, coriander, eucalyptus, lavender, lemon, rosemary, sage, or thyme. Stir before use if cream separates.

#### Herbal Deodorant Powder

- 2 parts powdered sandalwood (for fragrance and anti-microbial properties)
- 1 part powdered white oak bark (an astringent)
- 1 part powdered lovage root (for fragrance)

Pulverize herbs in a blender or food processor until they become a very fine powder. Transfer powder into a clean, dry iron skillet and very lightly pan-roast to set resins and scents. Fill muslin draw-string bags with the powdered herbs, or use handkerchiefs tied with a string or ribbon. Pat bags under your arms or on feet.

#### "No-Sweat" Tea

The following herbs, when brewed and drunk as a tea are reported to reduce perspiration within 2 hours of use with its effects lasting several days:

- 4 cups boiling water
- 1 teaspoon dried hops
- 1 teaspoon stinging nettle
- 1 teaspoon fresh cut rose petals
- 1 teaspoon fresh or dried strawberry leaves
- 1 teaspoon fresh walnut leaves
- 3 tablespoons of dried sage leaves

Combine all ingredients, cover and steep for an hour. Strain and sweeten with honey if desired.

#### Radish Deodorant

Extract the juice from about 2 dozen radishes, add 1/4 teaspoon of glycerin. Pour into a squirt bottle and keep refrigerated. Squirt under arms after a bath or pour some into the palm of your hand and rub under the arms.

#### Stick Deodorant

- 4 ounces cornstarch
- 2 ounces baking soda
- 1 ounces liquid chlorophyll
- 2 ounces vodka
- 2 ounces distilled water
- 8 ounces beeswax

10-15 drops of honeysuckle, rose, coriander or essential oil of your choice.

Mix all ingredients except wax and chlorophyll in a bowl, stir thoroughly. Melt wax in top of a double boiler over very low heat, remove from heat. Add the other ingredients and blend well. If the wax thickens too much to be workable, heat again. As the mixture begins to cool, but before it hardens, add the liquid chlorophyll and essential oils. Pour into molds. Let harden. Remove from molds. Store in a tightly closed container away from heat to avoid shrinkage.

#### Turnip Deodorant

Apply the juice of fresh raw turnips under the arms

#### Deodorizing Foot Bath

Soak the feet in the following solution:

1/2 cup white vinegar  
5-6 Tbsp Epsom salts  
1 gallon warm water

#### Sage Foot Bath

Soak your feet in a bowl of warm/hot water with 2 drops of essential oil of sage every day for a week.

#### Pine Foot Bath

For foot odor, bathe the feet in a mixture of witch hazel and essential oil of pine

#### **Sage Foot Deodorant**

Pulverize some dried or fresh sage, sprinkle the powder into shoes before wearing.

#### **Sage Deodorizing Foot Powder**

1 tablespoon of baking powder  
2 drops of Sage essential oil

Mix baking powder and oil in a plastic bag, shake well. Allow to dry. Break up any clumps that may have formed. Dust feet regularly with the powder and add a teaspoon in the shoes overnight.

4 teaspoons of tincture of vanilla  
15 drops oil of rose geranium  
Honey, enough to make a paste  
Combine all ingredients and mix until you have a paste the consistency you like. Store in an airtight container. Use a clean stick (popsicle) to scoop paste onto brush. Store the stick in same container.

### **Tooth Care**

- 1) Mash some fresh strawberries and use as you would any other "tooth paste"
- 2) Using fresh sage leaves, rub over the teeth to clean and whiten.

### **Rosemary-Mint Mouthwash**

2 1/2 cups distilled or mineral water  
1 tsp fresh mint leaves

1tsp rosemary leaves

1 tsp anise seeds

Boil the water, add herbs and seeds, infuse for 20 minutes. Cool, strain and use as a gargle/mouthwash. If you wish to make up a larger quantity, double or triple the recipe then add 1 tsp of tincture of myrrh as a natural preservative.

### **Spearmint Mouthwash**

6 ounces water

2 ounces vodka

4 teaspoons liquid glycerine

1 teaspoon aloe vera gel

10-15 drops Spearmint essential oil

Boil water and vodka, add glycerine and aloe vera gel. Remove from the heat, let cool slightly. Add spearmint oil, shake well. Pour into bottle, cap tightly.

### **For dry nails**

~~~~~

2 tsp. gelatin

1/2 glass fruit juice

mix together, drink at once

repeat daily for atleast 6 weeks. Regularly, soak fingernails in a bowl of warmed olive oil for about 5 min. Dry with soft towel, gently pushing back cuticles.

Dill And Horsetail Nail Bath

2 tb (30ml) chopped horsetail

2 tb (30ml) dill seed

1 c (225ml) boiling water

Pour the water over the two herbs and steep for at least an hour.

Strain the liquid into a bottle

Both these herbs contain silicic acid, which helps to strengthen nails. Warm the mixture before using and soak your nails in it for ten minutes every other day.

For weak nails

~~~~~

Massage wheat germ oil into cuticles.

### **Fingernail Treatments**

1) Beat 1 egg yolk in a small bowl. Soak fingernails for 5 minutes. Rinse.

2) Forget the Palmolive Madge! Make a solution of pure castile soap and water in a large bowl, soak hands and nails for about 10-15 minutes.

### **Dill & Horsetail Nail Soak**

## Eye Care

- 1) The best overall eye tonic is eyebright (an herb). Make a tea of it and either use the teabags or soak cotton balls or soft gauze in the tea and apply to eyes as a compress while lying down.
- 2) For puffy and swollen eyes, make a wet compress of 4 Tbsp. freshly grated raw potato. Place on the eyes for about 15 minutes, then rinse with cold water.
- 3) To reduce swelling and for bags under the eyes, brew a cup of strong rosehip tea. Soak 2 cotton balls in the tea or use 2 tea bags, lie down and place over the eyes.
- 4) For dark circles, cut a fresh fig in half, place a half over each eye.
- 5) To soothe tired, irritated eyes, cut the end of a cucumber into 1/4 in thick slices. Apply a cool slice to each eye.
- 6) Raw potato slices laid on sore eyes reduces heat and redness.
- 7) For eye puffiness, any tea bag (herbal is better, especially eyebright), slightly cooled, placed on the eyes while you rest.
- 8) For tired or bloodshot eyes, soak sterile cotton balls or soft cloth in cold skim milk. Place over eyes for 10 minutes. Rinse entire face in warm, then cool, water.
- 9) To lighten dark circles under your eyes, wrap a grated raw potato in cheesecloth and apply to eyelids for 15-20 minutes. Rinse with warm water.

### **About Massage Oils**

Common questions about the art of making massage oils.

(See below for recipes)

#### What Are Carrier Oils?

Carrier oils are vegetable oils used to dilute the concentrated essential oils, they help to slow down the evaporation of the essential oils and help absorb them into the skin. The carrier oils should be "Extra virgin or cold pressed vegetable oils" for maximum benefit. Some good carrier oils include mineral oil, grapeseed, canola, safflower, sunflower, sesame, wheat germ, olive and peanut oil.

&lt;/div&gt;

### How Do I Store The Essential Oils?

Store essential oils in brown or dark blue colored glass bottles with a close fitting plastic screw cap. Do not store in plastic containers, they could become contaminated. Keep them in a dark, cool place to prolong the shelf life. Always store out of reach of children.

&lt;/div&gt;

### What Safety Precautions Should I Take?

Essential oils are highly concentrated extracts so keep away from the eyes ( If oil comes in contact with the eyes, rinse it out with a few drops of pure Sweet Almond Oil, not water. Seek medical attention.) and never take them internally. They should not be applied directly to the skin but mixed with a carrier oil such as mineral oil to dilute them as the oils are in concentrated form. Never increase the dose of essential oil. Some oils are toxic in large amounts.

\*NOTE: Do not go out in the sun for at least 6 hours after using any of these oils in your recipes: Ginger, lemon, orange and Bergamot, they can cause skin irritations if exposed to sun.

\*Do not use on Pregnant women or children under the age of two.

The 5 main essential oil types:

Floral, Spicy, Woody, Citrus, Green

Quick fact:

Essential oils are distilled from herbs, fruits, petals, bark, rind, sap, flowers, roots, seeds, leaves, grasses.
