Kitten Glop

"Kitten Glop" is vir pasgebore baba katjies. Hierdie resep is oorspronklik van wyle Rusty Human gekry, en aangepas. Die idee van brandewyn kom van tannie Stella Slabber af. Kan tot 2 weke hou in yskas. Kan ook gevries word: gebruik ysbakkies en ontdooi 'n blokkie of twee op 'n slag.

1 groot blik ingedamppte melk	2 e yoghurt
15 ml gelatien	1 koppie kookwater
1 e glukose	

Opsioneel:

1 eiergeel	2 - 5 ml brandewyn
------------	--------------------

Metode

Los gelatien op in water. Meng alle bestanddele saam. As eier gebruik word, klits eiergeel vooraf.

Kitten Glop 2

1 can of evaporated milk	half can of water
2 egg yolks (not the whites)	1 small jar of strained baby food chicken meat
1 small container of plain yogurt, make sure it is an active culture and use only plain yogurt.	

Method

Blend all this and refrigerate. Mix up a batch as all the cats like it, it lasts about a week in the refrigerator. This is very good for nursing mothers and young kittens.
